"In an old house in Paris that was covered in vines, lived twelve little girls in two straight lines..."

Adriana Andrieux "I'm always **first** in the **first** line."

Orva Charlot "**Inez** always holds **my left hand** while we walk."

Suzanne Dubois "**Lou** and I are always in the **same line**. It's fun having arbitrary rules!"

Ella Esnault "I like being **next to** all my best friends: **Paula, Rachelle,** and **Suzanne!**"

Paula Louvet "I'm always **next to Adriana** because she is cool and good."

Nicole Motte "I make sure everyone **in my line** is organized **alphabetically by last name.**"

Inez Olivier "**Suzanne** and I don't get along; we have to stay in **different lines.**"

Rachelle Petit "**Adriana** and **Lou** are both really cool. I'm always **next to one or the other!**"

Iris Seguin "There are **two other girls** whose first name **starts with the same letter as mine!** I always make sure to walk **next to** both of them."

Ursel Simonnet "I always **bring up the rear** of the **second line.**"

Isabel Tanguy "Miss Clavel walks behind us, and I like Miss Clavel, so I always walk in one of the **last two rows.**"

Lou Tison "**Isabel** is annoying so I **don't** want to be in the **same row or line as her.**"

note: in this puzzle, "next to" means directly adjacent to, excluding diagonals
